

Company Profile Oktober 2010

clavis berater sozietät
Unternehmensberatung GmbH

Since 1997 clavis successfully provides advice in conceptual design and implementation of business processes based on solutions of the SAP AG. Our expertise is focussed on the areas warehouse and distribution logistics, maintenance, as well as sales and customer relationship management (CRM).

The clavis staffs support our customers in the implementation of their requirements by ABAP and Java program development. Furthermore the clavis berater sozietät provides proprietary SAP add-on solutions for system architecture and business process integration. Concerning the e-commerce technology clavis' employees are comprehensively skilled in Netweaver, and as well in established web techniques like Typo3 and PHP.

Clavis consultants always work closely together with the specialist sections and the IT departments of the customer. Thus it is ensured that project know-how remains with the customer and the specific problem solution expertise is developed on site. Additionally this policy enables the customer to enhance all solutions in-house.

clavis employs in its locations Bremen and Cologne actually 16 regular staffs and 20 freelancers. Bahlsen, Henkel, Ideal Standard, Sara Lee and Deutsche Telekom are counted among the clavis customers.
